By GAIL ANDREWS

FREEDOM OF THOUGHT

"If there is one principle of our Constitution more worthy of our attachment than another it is that principle of freedom of thought, not freedom of the thought you agree with, but freedom for the thought that you hate."—Justice Oliver Wendell Holmes.

CRIME BILL

Three times the cost of education, ten times the cost of maintaining the army and navy, four times the expenses of running the Federal government, and one-fourth of the national income; that is a record and it's set by crime. Crime and criminals cost in hard cash twenty-five cents out of every dollar. We will never be able to even estimate the cost in human suffering. Why pay this huge crime bill? Whose fault is it? Can we lay it at the door of poverty, inadequate penal systems, education or the lack of it; or is it a composite of all these causes.

Last year 80 per cent of the prisoners in Sing Sing were under 30 years of age, half of these were under 21, the largest group was 18 years of age and the second largest 19. Are we raising a generation of criminals. Why?

THE PRICE OF A PRINCE

It takes more than money to buy happiness. Barbara Hutton, Woolworth heiress, is in Reno trying to shed her prince.

The princess has a fortune built by honest enterprise plus exploitation. Shop girls working at sweatshop wages have helped to build the fortune. Sometimes we wonder if ill-gotten gains are not bearing a curse. We know it's unscientific but it seems to work out that way. Not even the great charities and foundations supported by men who are attempting to save their consciences seem to bring lasting happiness to the donors. It is because we have an angel or an imp noting the source of the wealth? We wonder. We have cause for rejoicing, too, when we consider that happiness is priceless and every sweatshop employee of the Woolworth Company has just as great a chance for happiness as that unfortunate girl who had the price of a prince but not the price of happiness.

CATCH HIM?

Poor Prince Midvian! Is he a fugitive from a chain store?

THAT'S BLASTED

Townsend's bubble has burst. Congress has turned thumbs down to his pension plan. This is no surprise to most of us but we are sorry for the thousands who placed their hopes on this plan. Is it fair to rouse false hopes? How can this be prevented when people are ignorant of such things as budgets, ways of raising money? There is just one answer—educate them.

DAILY REMINDER

Wednesday, April 24
Brush and Palette exhibition tea. Activities Room, 4-6.
K. P. dinner at Martha Jean Tearoom, 340 Mason street.
7 p. m. Admission 50 cents.
"Lombardi Limited," Frederic Burk auditorium, 7:30 p. m.
Thursday, April 25
Rural Life Club tea. Activities Room, 4:30-6:30.
Kappa Delta Pi dinner.
Friday, April 26
Franciscan Club tea. Activities Room at noon.
Epsilon Mu meeting, 109, 4 p. m.
President's Day. Graduates convene in Frederic Burk auditorium at 4 p. m.
Saturday, April 27
President's Day.
Senior Ball, Sir Francis Drake Hotel. Bids \$1.50.
Monday, April 29
Concert sponsored by Music Federation. Frederic Burk auditorium, 8:20.

PRESIDENT'S DAY FRIDAY!

'Lombardi Ltd.' Given Tonight; Proceeds Go To Student Aid Fund

Successful Broadway Comedy Hit Presented
by English Classes in F. B. Auditorium;
Miss Jessie Casebolt Produces Play

Tonight at the Frederic Burk Auditorium at 8:15 o'clock Miss Casebolt's 126C class will present the smashing Broadway play success "Lombardi, Ltd." For the first time in the history of the college, the dramatic section is securing help from the outside in the form of the support of the Parent-Faculty Club. All proceeds, after expenses are paid, will be turned over to the student welfare fund.

The play is a highly successful comedy which played many months upon Broadway with Leo Carrillo in the starring role. The story revolves around a genial, light-hearted women's dressmaker, who finds himself in romantic and financial entanglements. In love with one girl and having another in love with him, he finds himself in several very embarrassing positions and the way in which he finally solves his predicaments is highly amusing.

CURTIS PLAYS LEAD

The title role, that of Tito Lombardi, will be taken by Dick Curtis, a veteran of College Theatre and one of State's athletes.

The supporting cast carries many names which have flashed across the romantic sky at State in the past few years. Clem Zannini, erstwhile forward on the varsity basketball team, will be seen as a dashing Italian Iohannio, Ricky Tossello. This role was created by the screen star, Warner Baxter, in the original version. Cy Atkinson, star center on the varsity hoopers, will be seen as Hodgkins, a conscientious old bookkeeper in Lombardi's shop. Aubrey Brandon, famed creator of negro roles, will be seen as a man-about-town, Robert Tarrant.

COLLINS, HEROINE

The feminine lead will be played by Lillian Collins, star of the College Theatre production "Hay Fever." Close on her heels for chief villainess is Phyllis Burnham, one of the many stars of the early semester production "Cradle Song." Other prominent roles are taken by Katherine Jones, Ethel Bennett, Eileen Anderson, Estelle Paulson, Aileen Alderson, and Margaret Gleason.

TICKETS ON SALE

Tickets have been on sale to members of the Parent-Faculty Club for the past week and are now available to students at the nominal sum of 25 cents each.

"All students are urged to buy their seats as soon as possible. The play is being lavishly produced and is the major production of the college year," stated Miss Casebolt recently. This will be the last play to be presented by the dramatic society this semester.

Old Clothes Drive Held by Ed. Frat

Today marks the beginning of Delta Phi Upsilon Week. State's chapter—Upsilon—of the National honorary fraternity of early childhood education, Delta Phi Upsilon, is conducting a drive this week for old clothes of all description, household utensils, etc., for its thrift shop at 601 Haight Street. Proceeds from the sales of these commodities will be used to buy glasses for school children, and other necessities of the needy school children known to the fraternity.

The thrift shop recently celebrated its first anniversary and passed high in a recent examination. The purpose of this notable philanthropic organization is to collect old clothing, etc., repair and sell it at a minimum cost to the unfortunate in the neighborhood, through the medium of its thrift shop. Any profit made is used for philanthropic purposes.

During the drive, bags will be placed under the Delta Phi Upsilon bulletin board, in the Co-op near the paper cutter, and on the second floor at the top of the stairs. All contributions given by faculty members and students will be gratefully received.

Found

Ladies' ring in dressing room. Owner describe ring and state when lost, by mail. Box 1302.

Kappa Delta Pi Installs Officers At Dinner Affair

On Thursday evening, April 25, Gamma Sigma chapter of Kappa Delta Pi, will hold its annual installation dinner. At this affair, both the incoming officers and prospective members are to be presented to the members officially.

The dinner, according to the chairman, will be held on the campus but will be an innovation of a new and unique type of festivity at State.

Pledges Entertain

Much of the entertainment will be provided by the new candidates for membership in Kappa Delta Pi, under the able tutelage of Mr. Richard Coughlin, the master of ceremonies for the evening. Each of the following candidates will be allotted three minutes in which to contribute some high-class entertainment to the program: Eldred Bates, Ruth Cross, Sybil Graves, Harry Meyn, Aileen Norton, Reinaldo Pagano, Betty Ryan, Homer Trice, Elizabeth Young, Vivian Walsh, Alma Downing, Elinor Dole, Henning Edlund, Alice Jane Lawrence, Alice Madden, Claire Paulsen, Mrs. Bernice Shuey, Helen Kaprellan. The above candidates are to be complimented for their fine scholarship, extra-curricular service, and vital interest in the field of education, according to members of the club.

Miss Jensen, Speaker

The officers elect, to be installed are William Aubel, President; Donald Patterson, Graduate Vice-President; Sylvia Avanzato, Recording Secretary; Albert Scott, Corresponding Secretary; Geraldine Jackson, Treasurer; Gertrude Kraus, Historian; Harriet McCullough, Reporter.

At the chapter's last meeting, in addition to the election of new officers and other regular business, Miss Jensen, a student at the college, described the Western Workers' College, to be held at the University of California this summer. Miss Jensen stated that, with the co-operation of the various clubs, San Francisco State might be fortunate enough to be able to send a student to the four-week summer course. After Miss Jensen's interesting talk, refreshments were served to climax the program of the evening.

Sigmund Stern Site Selected by Sophs

Sigmund Stern Grove has been selected as the place for a dance to be given by the combined Low and High Soph classes tonight, according to word from James Hamrock.

A point committee has been formed to stage the affair. Mary Rice is chairman and she will be assisted by committee members from both the classes. The decision to hold a joint dance was arrived at when the High Sophs extended an invitation to the lower classmen and presented it through James Hamrock at the Low Soph dinner on April 10. The plan was accepted immediately and arrangements proceeded.

Installation of the newly elected officers will be featured at the event.

Thots While Strolling the Campus

We've been asked to say that there is absolutely no truth in the rumor that Carl "Andy" Anderson, the "Horizontal Kid," who is a challenger for the school welterweight title, is engaged. He is that way about a certain blonde girl, but marriage is farthest from his mind at present; (Methinks he doth protest too much, eh wot?)

Freshmen to Swim

Tonight the Low Freshmen class will close its social activities for the semester with a swimming party at the Fairmont Hotel plunge. The affair will begin at 7 o'clock and continue until 10; admission will be 35 cents. All those who intend to go are requested to sign up in the Co-op.

Maison Restaurant Chosen As Sphinx Club Dinner Site

Followers of the open forum will gather Friday night at the Maison Paul Restaurant, where the Sphinx Club holds its annual dinner, according to Marjorie Callonan, chairman of the affair.

This will be the fourth time that the club has held its dinner at the Maison Paul. "The atmosphere, arrangements and food are so excellent there," Dr. Elias Arnesen, club sponsor, said, "that we return every year."

Renaissance, Theme

A Renaissance idea will be carried out in the decorations, but talks, mirth, humor, song and dance will combine to make the event a truly modern affair, according to Miss Callonan.

Art Rosene, president of the club, is supervising arrangements for the entertainment at the dinner. "There will be many prominent speakers," he promised, "and in addition, we will have musical and comedy numbers. Many prominent members of the State faculty have promised to join in the fun."

Dr. Kemp, Today's Speaker

Tables are being arranged "horse-shoe style," so that everyone "may look at everyone else." The dinner is to be informal both in dress and program.

Today's meeting of the club at 4 p. m. has Dr. Kemp, an Oakland minister, scheduled to talk on the subject of a resolution to put the declaration of war in the future to a direct vote by the people. Dr. Kemp is connected with the Civil Liberties Union and many other anti-war movements.

Anti-War Movement Begun

Dr. Arnesen pointed out that in view of the recent student anti-war rally this talk should be of great interest on the campus. Arrangements are being made to accommodate a large audience.

The decorations of the club a student symposium on the anti-war movement was held. Principal speakers were: Dr. Alfred A. Fisk, Beverly Lyon, and J. Nichols.

Organization Hears Prominent Speaker Talk on Japanese

On April 24, at 12:30, in Room 118, Mrs. Anna V. Dorris spoke before the International Relations Club on the Geographical Limitations of Japan. In her talk Mrs. Dorris told about Japan's limited resources; her need for more territory and the handicaps under which the Japanese people are working.

The semi-annual installation dinner of the International Relations Club was held at Veneto's Restaurant, on Saturday evening at 7:00. The decorations carried out the idea of the semester. Several of the faculty members were guests of the evening.

The semi-annual election of officers was held at the last meeting of the organization. The following were elected: Leona Biglovsky, president; Marie Pfeiffer, vice-president; Jeanette Dissmeyer, corresponding secretary; Marion Clarenbach, assistant corresponding secretary; Nelma Johnson, recording secretary; Herman Bottcher, treasurer.

Maybe I'm Lyon

By BEV

Two people are now eligible for college debating awards—namely, Dr. Roberts and Mr. King. Their debate of historicities was the only perpetual motion machine in existence. Some one dropped a nickel in and he talked for eighteen minutes! Some fun! (What was he talking about? Wal, he didn't say.)

Love Life of a Music Major:

"All Alone, I'm So All Alone."
"Lover, Where Can You Be?"
"Blue Moon."
"I Found a Million Dollar Baby."
"I'm Satisfied."
"I Love You Truly."
"What's the Reason I'm Not Pleasing You?"
"Just Friends."
"Just One More Chance."
"Smoke Gets in Your Eyes."

Connolly Announces Complete Plans For Two Day Program Culminating With Senior Ball

Lyman and Allee Will Attempt to Break World's Records in Shot Put

By HAROLD MARTIN

John Lyman, former Stanford star, and Ray Allee, a student of State, will attempt to break two world's shot put records, the 8-pound and 24-pound, Saturday at Kezar Stadium.

The performances of these two mighty weight throwers will be an added attraction to the San Francisco State vs. University of Nevada track meet. Lyman and Allee are scheduled to occupy the limelight at 4 o'clock. The meet will start at 2 p. m.

RECORDS BROKEN BEFORE

Lyman, former record holder in the 16-pound division, has broken the 24-pound record unofficially twice in practice. Allee has also cracked the old mark in the 8-pound class several times during the past few weeks. Some of his tosses have been over 72 feet, which is nearly three feet better than the present standard. A. A. U. officials will be present Saturday to check the results.

The best mark on record in the 8-pound class is 69 feet 10 inches, which was made in 1932 by Leo Sexton. The best mark in the 24-pound division, 38 feet 10 1/16 inches, was established in 1911 by Pat McDonald, New York policeman.

CLOSE MEET EXPECTED

The meet between State and Nevada promises to be a close battle, with five evenly matched events on the card.

The Gators and Wolves are nearly equal in team strength. Both squads lost to Chico State by decisive margins.

Douglas Dow, sensational sophomore sprinter, will lead the Wolfpack into Kezar Stadium. He was timed at 9.8 seconds in the century in Nevada's interclass meet two weeks ago, and also has a mark of 21.8 in the furlong. Both of these times are slightly better than the Staters' best dash man, Jack Murphy, has accomplished this season.

Dow defeated Hank Henry of Chico in both races, while Murphy finished a close second to the Wildcat ace.

KUDER CREATES SENSATION

Kuder created a sensation last Saturday by running the half-mile in 2:01 with a strong gale blowing in his face. He had his heart set on breaking the two-minute mark, but the elements were against him. Kuder will try to accomplish the feat in this meet. Lee Ward, veteran Nevada middle distance runner, will give the State ace a hard battle. His best mark of the season is but two seconds slower than Kuder's best.

The broad jump is expected to provide close competition, with Kenyon Richards heading the Nevada entries and Runar Stone leading the Staters. Richards has a leap of 22 feet 10 1/2 inches to his credit, while Stone's best effort is four inches short of that mark.

Program

Friday, April 26:

4-6 p. m.: Frederic Burk auditorium; plays, music, etc., contributed by College Theater, Delta Sigma, A. M. S., A. W. S., Kappa Delta Pi, Alpha Phi Gamma.

8-9 p. m.: Kappa Delta Pi dance recital.

Saturday, April 27:

9 a. m.-1 p. m.: Open house. Exhibits, attractions. Frederic Burk auditorium.

2-5 p. m.: Track meet with University of Nevada; Kezar Stadium.

9 p. m.-1 a. m.: Senior Ball, Sir Francis Drake.

Seniors Give First Punch Ball Apr. 27

Seniors will initiate the practice of giving the popular "punch" ball, Saturday evening, April 27, at the Sir Francis Drake. Bids are being sold rapidly, reservations must be put in for tables in order to get a good selection. Reserved bids must be paid for today, or else they will be sold to the first comers.

Music will be furnished by the regular St. Francis Yacht Club orchestra, headed by Nick Morrissey. The committee announces that tables will be for two, four, six, or eight in order that any possible arrangements of guests can be taken care of. Committee members will act as hosts and hostesses. Unique programs have been designed to take the girls. Dancing will continue from 9 until 1.

Sponsors of the affair are: Dean Mary A. Ed, Mr. and Mrs. Leo C. Nee, Dr. Howard Treutlein, and Dr. and Mrs. Sherman L. Brown. Wilma Goss is chairman of the committee, which consists of Alice Baumgartner, Betty Meadowcroft, Jean Thompson, Ethel Bennett, Kay Goodman, Sid Trager, and Wilda LaVere.

Hamrock Heads Men Students Next Year

James Hamrock will lead the Associated Men Students next semester because final returns in the run off election last Wednesday gave him the presidency over Al Forest by a count of 120 to 94. Voting was light, but the contest was close.

Mike Driscoll won the post of vice-president in the initial election April 15. Voting in the first poll was so close that three of the races had to be rerun. Final results on the minor positions showed Everett Parrish, secretary; and George Mirande, treasurer.

Hamrock, the newly elected president, brings a large amount of experience to his job. He is at the present time president of the High Soph Class and has been prominent in various affairs at the college. Driscoll, Parrish and Mirande are also well known on the campus.

Parrish is the president of the active High Soph class and has been connected with other activities here. Mirande is well known in athletics and managed the highly successful touch tackle intramural football tournament last fall.

FENTON ELECTED

At a recent election of the officers of the English Department, Mr. Frank Fenton was elected to the post of chairman to succeed Miss Mary Kleinecke.

Miss Jessie Casebolt was elected secretary in place of Miss Edna Bock; Miss Mary Kleinecke is the program adviser to all students who are working for the pre-secondary credential with a major in English.

"Open House" During Two Days; Groups Co-operate With Exhibitions

By WILL SMITH

Climaxing the most successful year San Francisco State has ever had, the second annual President's Day will be held at State Friday and Saturday, April 26 and 27.

In co-operation with the Alumni Association, nearly all of the groups, clubs, and organizations will present numbers on the two-day program. Exhibitions, novel attractions, debates, music, athletics, drama, and dancing are scheduled. The track meet with the University of Nevada and the Senior Ball will be the two highlights of the entire program.

HEIGHTS REACHED

The current year has been noteworthy in its recent achievements. The music, drama, art, debating publications, athletic and education departments have been marked with outstanding progress during this last term. To Dr. Alexander C. Roberts, president of State, goes much of the credit for the achievement of these new heights. His leadership has been outstanding and invaluable for the development of the different organizations at State.

"We feel that Dr. Roberts deserves recognition for his untiring efforts to place State on the map. It is only fitting that we should all organize and co-operate in making these two days stand out on State's calendar of events," said Bill Connolly, general chairman of President's Day. "We have attempted to present a program that is as diversified as possible. We feel that every State student should participate in making this day a real President's Day."

PLANS COMPLETED

As the fifth and final week of intensive preparation for the event draws to a close, all plans are completed and the final program has taken form.

Organizations which have lined up presentations on the Friday program are as follows: Delta Sigma, Associated Men Students, Associated Women Students, Kappa Delta Pi, College Theater, Alpha Phi Gamma, the Music Federation, and Kappa Delta Tau.

RECORD ATTEMPTED

In Frederic Burk School and in College Hall various exhibitions showing the work of State's various organizations will be on display. The purpose of these exhibitions is to give the public as well as the student an acquaintance with the current activities of the college.

On Saturday afternoon, at Kezar Stadium, State and Nevada University will vie for track honors. The highlight of this meet will be the attempt to break two world records in the shot put, the 8-pound and 24-pound. Ray Allee, former State star, and John Lyman, recent Stanford ace, will be the competitors.

At the Sir Francis Drake Hotel, Saturday evening, the Senior Ball will culminate the two-day program, bringing to a conclusion what is hoped to be the most successful project ever launched by State.

Meyer Is Speaker

At the suggestion of Miss Edna Bock and through the efforts of Billy Rose, it has been arranged for Mr. Luther Meyer, better known as "Duke" Meyer, the Globe Trotter, to speak before State's combined journalism classes. Mr. Meyer will speak in Room 210, Anderson Hall, at 11 o'clock. Not only those interested in journalism, but the entire faculty and student body is cordially invited to attend.

Mr. Meyer has very definite opinions as to the influence of radio and television on the newspaper, feeling that these two factors will force the newspaper back to its original aim, that of editing the news.

Franciscan To Appear Soon, 'Unchanging personality of mankind' Theme

Phil Little, Illustrator, Jack Maxom, Designer, Will Decorate Annual

New Ideas Dominate Pages; Heat Photos, Unusual Type Used

With the appearance of the 1935 Franciscan but a matter of days now, interesting disclosures have been made by the editor-in-chief, Dan Baker, concerning some of the salient features of this year's publication. Modernity is the keynote of completeness and accuracy are the two aims of the entire staff, who have worked long and hard hours to bring this year's book out ahead of all previous annuals both in quality and content, according to the chief.

"The theme might be described under the title of 'The Unchanging Personality of Mankind.' In other words, while we feel we progress with the centuries, there are certain undeniable factors in human life which affect us as much today as they did in ancient Rome, and in centuries previous to that. We have attempted to catch some of these factors in the medium of our division pages, showing the similarity of life today with the life of a thousand years ago, and, for that matter, the sameness of these factors a thousand years from now," stated Baker in an interview with a press reporter.

Phil Little Does Art Work

"We have been extremely fortunate in securing, through Mr. Alvin Amberg, our technical director, the services of the nationally famous illustrator and artist, Mr. Phil Little, who has been recognized as one of the outstanding advertising artists of America, now makes his headquarters in San Francisco, and has executed the five division pages described above. They will be reproduced through the medium of a lithography, and exotic and delightful process which loses none of the quality and warmth of the original drawings, which so commonly happens in using the ordinary process of photographing. This method is the same as is used in the color reproductions in the luxury magazine, 'Fortune.'"

Young Artists Contribute

Jack Maxom, young San Francisco sculptor rapidly winning fame through his chisel and hammer, has been engaged to design and cut the bas-relief being used on the cover. Bernard Pollette, of Berkeley, has created twenty-three delightful subdivision figures, which, in themselves, catch the spirits of comedy, modernity, and appropriateness.

"This year's Franciscan has had more noted artists working on it than any college annual of its size in the entire country. I feel that, with their work, together with our daring cover execution, the 1935 Franciscan will be a book which can stand by itself in any inter-collegiate publications competition and carry off honors for originality and modernity in design and execution," concluded the editor.

The book is expected on the campus next week.

Executive Board

The twenty-seventh regular meeting of the Executive Board was called to order by Vice-President Lois Porter on Wednesday, April 23, at 4:00 p. m. The minutes of the previous meeting were approved as read.

Roll was called and Mr. Moscone and Mr. George Elmslert were noted absent.

COMMUNICATIONS

A communication was received from Miss Vance regarding Homecoming. A communication was received from Mr. Van Houten; it was referred to the consideration of a committee consisting of Mr. Marks, Mr. Hill, Mr. Valdez and Miss Glendon.

COMMITTEE REPORTS

Mr. Kenney stated that he had read the W. A. A. Constitution and recommended that it be accepted. He suggested that the other members of the committee read the constitution and report on any action on the matter. Mr. Kenney reported that plans for the annual Ball were progressing nicely.

Mr. Smith stated that Dr. Roberts had given permission for a Men's Room in one of the annexes.

OLD BUSINESS

As there was no old business to be discussed, the meeting proceeded to new business.

NEW BUSINESS

It was regularly moved and seconded that the Executive Board meeting be held on April 29, the "Vice-President" to be in charge of the affair. Motion passed. It was regularly moved and seconded that the track team be admitted free to the Inaugural Ball as they have to leave early. After considerable discussion, the motion passed.

It was regularly moved and seconded that a committee be appointed to look into the possibility of having a new building for the Franciscan staff.

Mr. Condon suggested that all class presidents, except the Junior Class, be advised not to call class days, Class Days, but to call them some original name, such as "St. John's Day," etc.

As there was no further business, the meeting adjourned in proper form at 8:11 p. m.

Respectfully submitted,

BETTY McDONALD, Secretary.

Editor

Daniel Comstock Baker, editor of 1935 "Franciscan."

Publications Dept. Officers Announced At Annual Dinner

"This year has been the most successful one in the history of State," Dr. Alexander C. Roberts said to the assembled journalists of the school in a dinner at the Trocadero Restaurant for the publications department. Dr. Roberts pointed out also that the college was moving forward in other departments, announcing that a bill now in the State Legislature, if passed, would be the finest thing that could happen to the college.

Newly-elected publication officers were introduced at different times during the dinner. Clarice Dechent, president member of the publications board, introduced Beverly Lyon, student director of publications for the year, as toastmistress of the evening.

Miss Lyon presented the editors selected by the board to head next year's publications. Ruth Walker will edit the 1936 Franciscan and Marie Hirsch will be business manager. Kay Buckley is to be editor of the Golden Gate next term and she will be assisted by many of the present staff.

Harry Marks, retiring student director of publications, was presented with a gold watch chain as a symbol of appreciation for the remarkable fine work he had done during the past year. Mr. Marks responded with a brief speech of thanks to the publications group as a whole.

Entertainment was furnished by several of the guests present. Mr. Kenneth M. King contributed a comic satirical reading on the thoughts of a debate coach at the close of a hard season. Dawn Wilson and Howard Demeke sang several duets and later led the traditional community singing.

Dr. Lawrence Kinnaird, sponsor of the group, spoke on the increasing amount of recognition which is being given to the journalism departments in colleges and pointed out that State was making plans for expansion in that department.

Other speeches were made by Robert Van Houten and Mrs. Ruth Witt Diamond.

Teacher Executives Meet in Conference

Fresno was the scene of a conference of State Executive Council of California Association of State Teachers College Instructors Friday, April 12 and Saturday the 13th.

Those representatives who attended the conference from San Francisco State were Dr. John Butler, editor of the State Bulletin, Mr. Bouleware, State secretary-treasurer of the organization; Miss Kleinbeck, president of the local chapter, and Dr. Roy Cave, who delivered a special report on the status of the librarian.

The local election of chapter officers will be on May 2. The present officers of the local chapter are: Miss Kleinbeck, president; Dr. Roy Cave, vice-president; Mr. Cassidy, secretary; Dr. Kinnaird, treasurer, and members at large, Miss Ruth Pickard, Miss Cecelia Anderson and Mrs. Florence Stephenson.

E. E. P. To Give Drawing Course

A new course in life-drawing is being held here on Monday and Wednesday evenings from 7:30 to 9:30 in Room 211. Mr. Edward Hagedorn is the instructor for the classes, which work from live models. Mr. Hagedorn is a local artist who has had his work exhibited in all the local galleries. The project is one of the Emergency Educational Programs under the S.E.R.A.

A. W. S. Eats In Midst of Rabbit Mob

With Easter bunnies, and green, green grass everywhere, the A. W. S. dinner held in the Co-op. Mrs. Ruth Witt-Diamond, with dignity lost, and English misplaced, tried to serve as toastmistress, and managed to get through the evening without too much prompting from Alice Moroney and Helen Gleason, president-elect and present president of the A. W. S., respectively. To relieve Madame Diamond of too much effort, Miss Kleinbeck, Mrs. Dorris and Dr. Michel gave the dinner an International opening by their song. And by the way, did you notice how good-looking Dr. Michel is as a man? College Theatre seems to be overlooking some good material.

And then the Dionne quintuplets (at least they said that's what they said they were, maybe they can't tell the difference) Mr. Cassidy, Mr. Mundi, Mr. Amundsen and Dean Butler, sang and sang.

Just to prove that he could argue with the president, Mr. King took the opposite side of a debate from Dr. Roberts, the weighty question being "That Girls Should Not Have Higher Education." The only slip-up was that somebody forgot to tell King that the debate was to be humorous. But did Dr. Roberts say 'em, just that.

Next, the library was represented in a skit planned by Miss Fleming, and whose cast included: Mr. Ray, Dr. Butler, Miss Mayer, and Mr. King. The scene was complete, even to Ray's beer bottle and the peanuts, somehow one just felt that he was in the lib.

As if that wasn't enough, Mr. Ray in song and with gestures told the story of his love of and desertion by Miss Fleming, all on account of Dr. Roberts, too.

Concluding the program came Dean Cox, Mr. Farmer and Mr. Harden, in an original operetta, written and directed by Cox. Why, what a daisy miss, Farmer can be, and was Harden strong and masterful?

To conclude the evening, first prize for the best skit was awarded the aforementioned three (an Easter basket of eggs), and the booby prize to Mr. Ray, while the ever-helpful Mrs. Diamond, she had labored so hard, poor thing!

Thus endeth the lesson!

Frogs Fool Lab Hounds In Research

Have any of you heard of the strike that was held on the campus here at State last Monday? Well, neither did we but, anyhow, some of the students in Miss Edna Fisher's B. S. 1A biology class said there was one.

Part of the laboratory work of the course consists of fooling around with some nice long (six to eight inch) green, slimy frogs. The object of the fooling around being to determine whether or not frogs can see, hear, feel; and also to find out just what the average frog's leap was, when he was in a hurry.

The class met, as classes will, and the students were told to start their research. So Johnny and Bob and Mabel, and all of the rest of the kids went to the storeroom and picked themselves the nicest frog they could find. The next step was to try to feed the beastly thing, but the frogs weren't hungry. They tried to get them to jump, but the frogs all seemed to like the places they were sitting on. They whistled at the frogs, they hollered, they offered nice juicy earthworms, they poked pencils, and they tickled, but all to no avail. Those frogs were on strike, and they'd be darned if any old biology 1A lab class was going to break it.

Nurses in Uproar; Feline Steals Bowl

"Kitty, where did you get that bowl?" This was the horrified thought of one of the Frederic Burk nurses when she discovered a cat drinking from her antiseptic bowl, in the kindergarten-primary department the other morning.

Each nurse has a tiny basin which they carefully guard for sterilizing purposes only. They have been stressing among the student teachers the importance of complete sterilization of the small instrument, so it was an unexpected surprise to discover Kitty greedily drinking milk from their basin, which a kind hearted student teacher had given it.

Organizations To Offer Aid To Students

International Relations Club and Alpha Phi Gamma have started the ball rolling by voting contributions to the scholarship fund which is being raised to send a representative of the college to the Western Summer School for Workers which is being held this year on the campus of the University of California, from July 8 to August 3.

The college committee for the school is composed of representatives of clubs and of the A. W. S. and A. M. S. Faculty members on the committee include Dr. Elene Michel, Dr. P. F. Valentine, Mrs. Anna V. Dorris, Mrs. Bertha Monroe, Dr. Elias T. Arnesen, Dr. Alfred Fisk, Mrs. Ruth Witt-Diamond, and Mr. Edward Cassidy. Dr. Alexander C. Roberts has placed his stamp of approval on the project.

Open to All

Any student who plans to be in college next fall may make application for the scholarship which will be awarded to the person who seems most likely to make use of the knowledge gained at the summer school. The person who represents the college will be expected to act as a tutor to some of the worker-students. Upon returning to college he will be expected to help further the extension of workers' education as a possible teaching field. Along with general adult education, workers' education is between the college and the state governments as a widening vista for teachers and teaching. Members of the committee hope to encourage training of teachers in this field.

Applications will be reviewed by the college committee and the three most likely will be sent on to the central committee of the school for final selection. Lucy Wilcox Adams of the State Department of Education heads this committee.

Money to Be Raised

Funds for the scholarship are to be raised by club and individual donations. Anyone interested and desirous of additional information or any student wanting to make application should see Dr. Michel, chairman of the faculty committee.

Margaret Jensen, ex-officio member of the committee and representative of the Summer School alumni and the San Francisco Workers' Education Committee which is headed by Mrs. Alexander Meikeljohn. Miss Jensen may be reached through post box 721 in the Co-op.

This is the third year of the summer school, which is conducted along the same lines as the summer schools for workers at Bryn Mawr, Wisconsin, and Barnard College. Sponsors of the school include the State Department of Education, the State Department of Adult Education, the University of California, the American Federation of Labor, and the American Federation of Teachers. Courses include labor economics, contemporary European social movements, history of the American labor movement, literature, composition, dramatics, and arts and crafts.

College students are admitted to the school as tutors and may take the same courses available to the student workers. In the past the University of California, Stanford, Occidental College, Scripps College, and the University of Southern California have sent representatives. It is hoped that State will add its name to this list by sending a representative to the school which is so closely allied to and which promotes the teaching of workers' education.

State Graduates Convene in F. B.

About forty or fifty teachers, graduates of San Francisco State Teachers College, visited the Frederic Burk school last week to celebrate home-coming week.

Many former prominent members of the Teachers College student body were present, including Mr. Ralph Cioffi, former president of the student body, and Mr. Leonard Lover. Both teach in Red Bluff. Mr. Everett O'Rourke teaches at Cotati; Miss Ellen Gaffney at Marin County; Miss Ellen Gaffney at Marin County; Miss Unna Grayviel, Turlock; Miss Sadie Lopez, at Seaside, Monterey County; Mr. Dunbar is teaching at Albany; Miss Lorraine Walsh is substituting at San Francisco schools, while Miss Dorothy Mahoney is with the Federal Reserve Bank.

Miss Grace Carter, principal of the Frederic Burk Training School, was pleased to see her former student teachers.

President Praises Musical Concerts In Frederic Burk

By DR. ROBERTS

The three concerts thus far given have been occasions of sheer enjoyment for the audiences that have filled the Frederic Burk auditorium. Mr. Raymond White's program of classical piano music demonstrated the perfect technique, the rare musical spirit, and the prodigious memory of this master of the piano.

The second concert was given by the A. Capelli Choir and the College String Quartet. Mr. Zech's students performed with feeling and zest.

Mr. Freeburg was at home sick, and the members of the choir, given the free choice of postponing their program, voted rather to elect Richard Coughlin and Harry Meyn as their leaders, and after practicing intensively, they sang their two groups of five songs in a manner that aroused the enthusiastic appreciation of their listeners.

The third concert was presented by the College Band under the direction of Mr. Sandifur. This program ranged through stately recitatives of Beethoven, Strauss, and Grieg, excerpts from Carmen and the sprightly and familiar music of "The Desert Song." Again most enthusiastic appreciation was accorded the highly creditable performance of the students and the fine leadership of Mr. Sandifur.

These programs have met the exacting standards of skilled musical critics, and they have afforded rare pleasure to the non-musical members of the audiences. High praise is due the efforts of the students who have risen to fine heights of musical ability and skill of co-operation and responsibility. The final program will be given by Mrs. McCauley's State Carolers and by the College Symphony Orchestra under the direction of Dr. Kauth, bringing to a close the second annual Spring Music Festival.

Alpha Phi Gamma Elects Harold Martin As New President

Harold Martin, veteran journalist, will be the new president of the local chapter of Alpha Phi Gamma, a national honorary coeducational fraternity. This was the result of the election held last Saturday evening, the first of the year.

Other officers elected include Beverly Lyon, first vice-president; Reinaldo Pagano, second vice-president, and Clarice Dechent, ballif.

Newly elected officers will begin their terms next fall and serve until next May. Retiring officers are: Gail Andrews, president; Dan Baker, first vice-president; Ruth Walker, secretary, and Stanley Sieber, ballif.

Plans for the fraternity's week-end trip to the Russian River will be discussed at the next meeting which will be held at the home of Elsa Magnus on Friday evening, May 3. Members who are planning to make the trip should get in touch with Miss Magnus as soon as possible in order to secure transportation.

Kappa Delta Tau Performance Friday

Kappa Delta Tau, State's dancing sorority, will present a program of interpretive dances in the Frederic Burk Auditorium on April 26 and 27, according to word received from Amory Callis, the sorority president. Nearly the entire membership of the society will participate and an ambitious series of numbers has been planned.

Three definite divisions have been made in the program. The first will be composed of a group of dances presenting modern day social problems in pantomimic form. The second is a group interpreting different types of music compositions. Among them will be Bach's Air for "G" string, Lamentation solo, a Slavic Folk Dance, and others. The third division comprises a complete and understandable presentation of Hans Anderson's "Chinese Nightingale" in satire. The entire story will be done in pantomimic and interpretive dances.

Music for the third division was written by Armand Lepout. Miss Bernice Van Gelder is sponsoring the series and Miss Spangenberg will be the accompanist. Tickets are 25c and can be obtained from any of the sorority members.

Those in the different numbers are: Shirley Canning, Barbara Heim, Hope Huff, Dean Wilson, Helen Frank, Donna Lee Hagen, Clara Hammerberg, Mary Cather, Amory Callis, Nadine Bernsteins, Virginia Price, Anne Bouaccorsi, Gertrude Kettelman, Anne O'Malley, and Audrey Stewart.

Card Party Planned By Parent Club

On May 3 the P. T. A. will hold a card party in the Frederic Burk Auditorium; refreshments and prizes will be provided. Tickets for the affair are now on sale and may be procured from any of the following club members: Mrs. H. I. Smith, Mrs. Karl Sohrer, Mrs. Wilbur, Mrs. MacDonald, Mrs. Rouse, Mrs. Scholter.

At the April meeting of the organization Mrs. Austen D. Rouse reported "Upon Taking Office As President a Year Ago." In this discussion several objectives were enlarged upon:

First, that members become better informed and their interest stimulated, with this aim in view, groups have attended Parent-Teacher Education classes and public relations classes; a number of Parent Teacher magazine subscriptions has been secured; extensive use of the National Congress Leaflets has been made; visits to other units have been encouraged; newsletters and newspaper publicity has been developed. Second, a sincere effort has been made toward co-operation with the second district P. T. A., and to encourage attendance at District meetings and participation in all district activities. There has been a ready response from district officers whenever help on any problem has been asked.

More recently an interpretive dancing group was organized and has met with an enthusiastic response. Lenore Peters Job is giving extra time and talents to this group and members express their gratitude to her for the feeling of well-being and poise which is resulting from her instructions. Bearing in mind that it has in the past been the policy of Frederic Burk P. T. A. to avoid publicity, except in rare cases, this year's work has been publicized much more.

Miss Grace Carter spoke in a clarifying manner regarding "Present Trends in Education, Parent, Teacher, Child" over station KYA, her talk was printed in "Sierra Education." Miss Hermine Henze gave an interesting talk recently on the "Children's Story Hour." Miss Lynette Maas will speak on the "Federal Nursery School" over KYA soon.

Students Issue Spring Publication of Anvil

Dave Fox, editor of the Anvil, announces its issue on April 29. This publication is the official organ of the Educational Philosophy Club and will be sold to the students for five cents per copy. There will be articles and editorials by many of State's leading students, according to Fox.

Friday there will be a meeting of the club in the Co-op and there will be an election of officers and formulation of plans for next term. A committee is working on the proposed union of the Educational Philosophy and Educational Psychology Clubs. Announcement of project on this project will be given in a later edition of the Gater.

Stella President Of Chess Group

At a meeting held April 11, the Chess Club unanimously elected Gaetano Stella president and Valentine Zaitceff, secretary of the organization for the coming semester. As Henry Guilmette, retiring president pro tem, expressed doubt as to his return to college next semester, he was not nominated.

Mr. Stella who is one of the leading players of the club, announced that next semester the members would endeavor to have pins or some other means of identification with the club. He also stated that in the future the club would seek to arrange regular matches with as many local teams as possible.

The last match of the semester will be played Friday night, April 26, beginning at 8 o'clock, at the Hayes Valley Recreation Center. State's opponent will be Balboa High, which has just added to its list of many victims Hayward High School from whom they won the Northern California Chess Championship. The match will be a seven board contest. State's players are as follows: Stella, Smith, Thompson, Kollman, Pinkerton, Guilmette and Fraser or Scott.

Siena, Newman Clubs To Hold Joint Meeting

Secretary

James Kilkenny, corresponding secretary of the Newman Club.

Inauguration Ceremonies Held In Gym

State's first annual Inaugural Ball was successfully given Friday night, April 12, in the Gym.

Jerry Kenney, chairman of the dance, directed the varied program and introduced Allan Howard, president of the student body, who acted as installation master for a somewhat informal inaugural ceremony which followed.

Ed Morgan, after his installation as new student body president, gave an address, thanking Howard for the fine work he had done in his capacity as leader of the student body and wishing him well in his future tasks.

Officers installed were: Virginia Conlan, vice-president; Ed Cockrum, treasurer; Grace Whitby, secretary; Gene Dumesnil, athletic manager; Beverly Lyon, student director of publications; and Bob Links, yell leader.

Entertainment was contributed by Howard Demeke, Dawn Wilson and the Hill Billy musicians. Alice Freitas also contributed a tap dance.

Heat Photos Made

Modern photography is employed on the cover of the 1935 Summer School Bulletin. An infra-red (heat ray) photograph of Anderson Hall, taken by Franciscan editor Baker, forms the basis, with the announcement title drawn against the black sky in white hand-lettered type.

This form of photography, being used in the view section of the annual, is one of the newest developments in the field of chemical photography.

Friday night at 8 o'clock Siena Club will join with State's recently formed Newman Club in a meeting to be held in the Social Hall of the Y. M. I. Building at 50 Oak Street. This affair is scheduled to take the form of a pre-graduation festival.

Dancing Scheduled

There will be short addresses by prominent speakers and the evening will be concluded with refreshments and dancing.

Father McDonald, chaplain of these two organizations, extends a cordial welcome to the entire student body of the college to attend this joint affair.

Joint Committee Working

The committee making arrangements is composed of the officers of Siena and Newman Clubs. The Siena committee is as follows: Alberto Starnich, president; Agnes Donovan, vice-president; Madelyn Di Martini, secretary; Inez Olsen, treasurer; and directors, Madelyn Angelini, Betty Ryan, Grace Whitby, Virginia Houseman, Alvirna Cummings, and Margaret Smythe.

Newman, Large Organization The committee from Newman Club is made up of Jerry Kenney, president; Richard Coughlin, vice-president; Ed Cockrum, treasurer; James Kilkenny, recording secretary; Michael Driscoll, corresponding secretary, and Lee Halligan, sergeant-at-arms.

State's chapter of the Newman Club is only one of more than 200 such clubs named after the famous English cardinal, John Henry Newman. The membership is composed of the Catholic students of the colleges and universities in the United States, and the other continents.

President Resigns In Delta Sigma Nu

Owing to the fact that she would be forced to carry a heavy program next term, Annabel Teller, newly-elected president of Delta Sigma Nu, resigned her office today. Because of this, the other officers will each step up one office. The new officers will be: president, Louise Parodi; vice-president, Noreen Numan; secretary-treasurer, Helen McConnell, and historian, Ruth Lindquest.

On Wednesday, April 17, Delta Sigma Nu held the last meeting of the semester. The purpose was to install the new officers for the fall term. This is the first time the club has held an installation and it is hoped by President Claire Baxter that this will start a tradition among future club members. At the meeting Miss Spelman, the sponsor of the club, was presented with a beautiful flower pot containing several varieties of plants.

W. A. A. Hikes

On April 28 the W. A. A. Hiking Club will hike to Lake Lagunitas. This will be the last event of the season, and Miss Jean Gillen, manager, urges all State women to attend. Those attending will meet under the ferry clock at 8:30 a. m. The fare will only be forty-eight cents, since W. A. A. is paying part of the expenses.

BE IN THE STANDS FOR NEVADA MEET

WITH WHITNEY

By VERNON WHITNEY

Spill the opaque, whitish liquid, Watson, I'm going to indulge in a little crying. If Coach Dave Cox weren't so darned honest, that Spartan slaughter would have been turned into a Gater victory, and the same thing with the San Mateo swamping. For there are four fellows at State now who would have been the difference between defeat and victory in both meets. I am referring to Ray Allee, Berger Johnson, Ed Henry, and Allan Bell. All of the quartet have competed four years for Gater track teams, and so are ineligible for further competition. It seems a shame when we aren't in any conference.

The baseball team was thumped twice in one afternoon by San Jose State, 6 to 3 and 14 to 6. This ended the Purple and Gold season with a record of fourteen wins against only five losses. This was the best ever compiled by a Gater nine. Coach Hal Harden deserves a cheer for the good work that he has put in during the last two years. The State baseball teams have won thirty-two games and lost only fifteen in that time.

Incidentally, this Spartan ninety-eight out of thirty-one games this season. This kind of record is the sting out of Saturday's losses. At least, the Gaters have plenty of company.

Coach Dan Farmer's tennis team was also taken into camp by San Jose State. The Spartans won six of the nine matches. Ronnie English and Fred Gugat took their singles encounters and Joe Rosen and "Kipling" Kim captured their doubles match. English had a fine season. The little blond bundle of dynamite was undefeated in singles play during the entire year.

HERE'S HOW

By Howard Demeke

Darryl Hopkins, the sinewy freshman, gave the cash customers a good show in the low hurdles when he steepchased the 220 in the fair time of 26.6. While the time is not over-impressive, it should be remembered that "Hoppy" is just learning to hurdle, having run his first race in the Santa Rosa night combat some few weeks ago.

Morrison, the Morbid One

Lu Morrison again showed on-lookers what is meant by perfection of form in winning the high hurdles. Morrison is a great hurdler. I say great because he invariably wins races from men who are much faster runners than he. To do this, a man must have something, and that something is, as I said, form. Instead of leaping up and over the high sticks, Lu fairly bolts over them, coming within a coat of paint of the top barriers as he dusts the rungs off with his superlative purple pants. Smoothie is the word, that's it, smoothie.

Crude Comedy, Al

The relay was interesting, if slow, but it was not without good performances. Harry Williams was clocked in 53 seconds for his 440-yard share of the burlesque by none other than Coach Dave Cox. Al Parrish started (or finished) the race for State when he waltzed the first lap with his Marin rival. The boys started out singing and were talking about the weather when they passed me at the first turn. Just what went on between them is a mystery. Nevertheless, Williams, Cox, and Wiley were more energetic and held the time to 3:45, or approximately 33 seconds short of the world record. (Honest.)

Harkness Going Up

"Wild Bill" Harkness deserves a round of genuine applause for his fine performance in the Triangle meet last week. Willy exceeded his best showing of the season when he pole-vaulted 12 feet to top first place in the event from Marin's great Arnold Nutting.

Dan C. Baker

SAN MATEO WALLOPED BY GATERS

13 to 0 Final Score
With Jaysee Nine
Hitless; Whitney
Pitches Game

Vern Whitney, sophomore right-hander, pitched a no-hit, 13-run game as State walloped San Mateo Junior College 13 to 0 at San Mateo on April 10. The contest was called at the end of the seventh inning by agreement between Coaches Harden and Taggart. Only twenty-one men faced Whitney in his record-breaking feat. The Gaters gave him splendid support, completing two double plays.

Wilkes Shines

Kenny Wilkes, State's scrappy little third baseman, provided the fielding feature of the day when he took Jim Ferris' liner in the fourth inning. The Bulldog shortstop led off, and hit a terrific drive right at Wilkes, but Kenny was equal to the occasion and held the ball. Joe Lee and Frank Regan also turned in flashy stops, Lee knocking down Frank Alberts' hard grounder in the third inning and tossing him out at first, and Regan making a nice play on Frank Murphy's high bouncer over second base in the fifth.

Whitney Invincible

The Gaters lost no time in getting a lead, scoring three runs in the opening canto before a man was retired. A double by Wilkes, singles by Lee and Regan, and two San Mateo errors turned the trick. As the game wore on, and Whitney set the Bulldogs down one, two, three, it was just a question of how many tallies the Gaters would pile up. They scored in every inning but the second.

Batsmen Have Big Day

Joe Lee, Bob Marcus, Mel Nickerson, and George Bogdanoff led the attack, each picking up two hits in four times at bat. Marcus drove out the longest hit of the day, a triple over Alberts' head in center field to score Regan in the sixth inning. Regan drew three bases on balls during the contest, and Wilkes walked twice.

An unusual thing happened in the Gaters' half of the seventh, when the side was retired without a man having officially faced the San Mateo pitcher, "Dud" Jones. Whitney walked to open the frame, went to second on a wild pitch and was out stealing third. Wilkes walked, stole second and third and scored on the catcher's error. Lee walked, stole second, went to third on the catcher's bobble, and was out at home when he tried to come in on a short passed ball. Haggerty to Jones. Regan walked, the fourth consecutive man to draw a free trip to first in the canto, and was out stealing second. This, technically, not a man was at bat, and yet State scored a run, and three outs were made. Another oddity about the inning was that the Bulldog receiver, Leo Haggerty, made the entire three assists in the frame—throwing out Whitney, Lee, and Regan.

The box score:

| STATE | AB | R | H | E |
|---------------|-----------|-----------|-----------|----------|
| Wilkes, 3b | 3 | 2 | 1 | 0 |
| Lee, 2b | 3 | 2 | 2 | 0 |
| Regan, 1b | 3 | 2 | 2 | 0 |
| Nickerson, 4b | 3 | 2 | 2 | 0 |
| Marcus, rf | 4 | 1 | 2 | 0 |
| Belle, 2b | 2 | 0 | 0 | 0 |
| Parrell, lf | 4 | 0 | 0 | 0 |
| Bogdanoff, 3b | 4 | 1 | 2 | 0 |
| Wattney, p | 2 | 0 | 0 | 0 |
| Bowers, cf | 0 | 0 | 0 | 0 |
| Rosen, rf | 0 | 0 | 0 | 0 |
| Rich, lf | 0 | 0 | 0 | 0 |
| Total | 23 | 13 | 10 | 0 |

Watch Him!

A Nevada man who will bear watching is Paul Leonard, distance star, who has a 10:12 two-mile to his credit and also runs a fast mile. He placed second in the Far Western Conference meet last season in the four-lap event. Both of these races will be hard fought, with Stan Kuder supplying the opposition for the Gaters in the mile, and Bufford Shreve leading the Staters in the longer race.

School publications are great inventions: The school gets all the fame, the printer makes all the major mistakes—and yours truly gets all the blame.—Ye. Ed.

San Jose Tops State Trackmen In Cinder Dual

Purple Spikesters on
Short End of
78-53 Score

By VERNON WHITNEY

Sweeping to victory in the 100-yard and 220-yard dashes and the 880, a powerful San Jose track team swamped San Francisco State 78 to 53 at Kezar Stadium last Wednesday.

The Spartans led from the opening event on, and were never headed. Rather, as the meet went on, the Garden City boys slowly but surely increased their margin, and at no time were in danger of losing it.

Stockdale Takes Stock

Jim Stockdale, erstwhile husky fullback on the football team, led the valley boys to victory. Stockdale won both the hundred and twenty-yard sprints and ran the anchor lap on the winning relay team, tallying ten points for his team's cause, and aided in the scoring of five more. Jack Hanley, who ran second to Stockdale in both dashes, and also placed second in the low hurdles, made nine points for San Jose.

Runar Gets Twelve Points

As usual, Runar Stone, the bronzed Gater Adonis, was high-point man of the meet. "Ru" rang up twelve digits, winning the broad jump and javelin throw, and third in the high hurdles. Stone did not compete in the discus throw and low hurdles as is his wont, or he might have added to his total.

Harker Defeats Kuder

The prettiest races of the day were the mile and the two mile events. In the four lap struggle Glen Harper of San Jose and Stan Kuder of San Francisco put on quite a show. They battled within two paces of each other for five-sixths of the race, Harper leading during this time. With about two hundred yards to go the Gater freshman spurred into a two-yard lead. The San Jose boy was content to stride along in the rear until the final turn, when he nosed ahead of Kuder with a beautifully timed sprint to win by a yard in 4:38.2.

Shreve, Driscoll Run Well

In the two mile Bufford "Biff" Shreve and Lloyd Gates, San Jose distance man, ran a "blanket race" until the final three hundred yards, when Shreve put on a terrific sprint to win by ten paces in 10:37.4.

Shreve, Driscoll Run Well

Mike Driscoll, game little Gater frosh, took third place in both runs. He ran a dogged race in the two mile trailing along for most of the way, although he did put on a temporary burst of speed to capture the lead for a short time during the fifth lap.

Broad Jump Is Close

Runar Stone and Dee Shetanian had quite a little argument over in the broad-jump pit. Stone finally winning with a leap of 22 feet 6 inches, five and three-quarters inches better than the Spartan's best effort.

Darryl Hopkins, Gater frosh star, climbed 5 feet 11 1/8 inches into the air to capture the high jump. Bill Harkness, sophomore pole vaulter, won his event with a vault of 11 feet 6 inches—the best that he has accomplished this season.

Morrison Wins Again

Lucius Morrison won the high hurdles for San Francisco State and Owen Jones heaved the discus 140 feet 10 1/2 inches to lead the field.

San Jose won only eight first places to the Gaters' six, but the clean sweep by the Spartans in the relay events was too much for the Golden Tide to overcome.

Exhibition Given

The Women's Athletic Association is sponsoring an exhibition of badminton for the benefit of the student body Thursday from 11 to 1 in the women's gymnasium. There will be exhibition games of doubles, followed by a period of instruction in the use of the racquet and the shuttlecock. Thereafter, all guests will be invited to try their hand at playing the game.

Badminton is rapidly gaining in popularity in this part of the country, and is already well established in many of the colleges throughout the nation. All State students, both male or otherwise, are urged to attend the show next Thursday.

Gater Nine Drops San Jose Tilts

Moscone and Whitney Hurl
Without Support; Enemy
Flingers Good

The San Jose State College Spartans captured both ends of a doubleheader with Coach Hal Harden's Gater nine Saturday at Funston Playground. The Garden City boys won the first contest, 6 to 3, and took the second, 14 to 6. Too many hobble defeat for San Francisco State. The Gaters made eighteen errors in the two games, eight in the first contest and ten in the second.

Watson Effective

Burt Watson, star San Jose left-hander, held the Purple and Gold to four hits in the opener, and struck out eight batsmen. Watson set the Gaters down one, two, three in six of the nine innings. Only twelve men faced the slender southpaw in the final four frames. Watson belied the proverbial wildness of portside hurlers when he issued but one base on balls, that to George Bogdanoff in the fifth frame.

Moscone in Form

Meanwhile George Moscone was pitching a real ball game himself, but his team-mates were making too many errors behind him. George held the heavy-hitting Spartans helpless with men on the bases, only one of their six runs being earned, and better defensive baseball would have prevented that also. Heads-up support might have given Moscone a shut-out in his last game of intercollegiate competition.

Hard-Luck Whitney

The less said about the second encounter the better. It was a ball game until the sixth inning, but the Gaters' support might have given Whitney a shut-out in his last game of intercollegiate competition.

Spartan Hurler Shines

Marv Olsen, another southpaw, duplicated the good work of Watson in the second contest. He held the Gaters helpless until he retired in the seventh inning. They got only three scattered hits and one unearned run off his delivery, and he fanned five batters. Olsen set the Purple down one, two, three in the last three innings on the mound, not a man being allowed to reach first base during that time.

SPORT
FLASHES

By JAMES HAMROCK

Last Saturday, Chico State College, in its dual meet with the University of Nevada, came out on top with an 84 1/2 to 45 1/2 score. The Wildcats captured nine first places and enough seconds and thirds to completely outclass the howling Wolves. Henry of Chico starred in the 440, 100, and 220 yard events to take high point honors.

The same afternoon the mighty Fresno State College track and field team swamped the San Jose "Trojans," 92 1/2 to 38 1/2 at Fresno.

Interesting to note is the fact that the two dual meets with these colleges outclassed marks for those events in the California-Stanford meet. In the 100-yard dash, Holt of Fresno won in 9.6 seconds; in the 220-yard event Stockdale of San Jose won with a 21.1 mark, and in the high jump Bernhardt of Fresno took that event with a leap of 6 feet 2 inches.

News by word of mouth has it that "Scoop" Carlson, Menlo J. C. mentor, is slated to take over the basketball coaching reins at the University of Oregon next year.

Carlson has had great success with championship teams in the past years. The Mariner basketball team of last fall took the Far Western Conference championship.

San Jose State still remains undefeated by the Gaters in any field of athletics. Last week, with our approaching track and tennis embrolios we more than hoped for victory over the Spartans. However, we took it on the chin in both. So, we'll just keep on trying!

INTRO- DUCING

We take pleasure in presenting none other than diminutive Mike Driscoll, the human dynamo from the wide open spaces, stellar basketball player, great track marathoner, a power in A. M. S. and high frosh politics, and a general all-around good jo.

Driscoll originated in Butte, Montana, whence he migrated about eight years ago to resume his career in the bay region. Mike took up residence at Sacred Heart High and helped to lend an air of distinction to that school's lightweight hoop team in being a member. Later, in 1933, the rambling one aided the C. Y. O. lightweight to win the blue ribbon in their respective casaba league.

Since coming to State, Mike has done well by the family name, inasmuch as he has earned a formidable berth with Coach Cox's cinder team, in addition to having been a member of the highly successful Spartans basketball team of late. As if that were not enough for one year, the popular lad has just won the election to the office of vice-prexy of the A. M. S.

In the annual cross-country run, Driscoll came home a winner by a large margin, shattering the old record by 35 seconds in setting up the new mark of eight and one-half minutes for future iron-lungers to shoot at. An indication of Mike's real ability may be had by reviewing the records of the current track campaign. His best time for the mile was turned in against San Mateo J. C., when he gasped his way past the tape in four minutes and forty-three seconds. Nice going, Mike.

A. M. S. Boxing Tourney To Commence Today

The long-awaited boxing tournament, sponsored by the Associated Men Students, is finally slated to officially get under way on Wednesday, April 24, in the women's gymnasium. The program will start promptly at 12:10 p. m.

In the heavy-weight division, we find a quartet of formidable leather pushers. They are Hal Beseman, Dick Hurst, Al Greenberg, and Herb Veckel. Although little is known as to the ability of the respective behemoths, Beseman looms as the man to beat.

The light-heavyweight bracket is the most popular where entries are considered, there being eight mighty maulers vied as potential glove kings. Bill Dasman, Jim Hamrock, Ruddle Rudd, Felix Grosso, Jim Kilkenny, Ralph Nathan, Bob Marcus, and George Powles will contrive to give the ringers a goodly share of thrills. Several of the contenders are veteran sluggers, so the champion among this group will have to earn his title.

Ronnie English, Al Cartwright, and Sid Traeger are the only entrants in the 145-pound elimination battle. English made quite a name for himself some years ago at Oakland High when he punched his way to the lightweight championship of that institution. Nevertheless, Traeger and Cartwright should not be regarded lightly.

The remaining honors will be taken by either Kenny Wilkes or Andy Anderson, the lone candidates for the 130-pound crown.

Gaters Defeated In Final Tennis Matches By San Jose State

English, Gugat Star as
Spartans Down
State Team

San Jose State's tennis team defeated the San Francisco State netmen by a score of 6-3 last Saturday.

In the first game, which was won by "Ronnie" English and Fred Gugat, State's singles stars, again bore the brunt of the contest by winning their respective matches. English, playing nearly perfect tennis, repeated last year's win over George Rotholz in straight sets, 6-2, 6-2.

After dropping the first set by a score of 4-6, Gugat defeated Ed Mitchell, Spartan flash, in straight sets, 6-1, 7-5. It was a long drawn out affair; one of those things that have featured most of the matches played by Gugat this season.

English and Gugat are both undefeated this season and have earned the distinction of being the first Gaters to accomplish this feat. The third Gater win was chalked up by the third doubles team, comprised of Joe Rosen and Kenneth Kim. The Gater pair defeated Bob Roberts and Jack Gruber, in another long-winded affair, the score being 6-4, 12-10. The second set of this contest was a thriller with both pairs fighting valiantly for precious points until the Purple and Gold pair came through to win.

Coach Dan Farmer and Manager James Hamrock have expressed their satisfaction with the past season in which the Gaters have chalked up victories over Marin J. C. and the University of San Francisco.

Singles
Robert Smith, S. J., defeated Robert Coss, S. F., 9-7, 6-1.
Jack Gruber, S. J., def. Joe Rosen, S. F., 6-0, 1-6, 6-1.
Fred Keibel, S. J., def. Kenneth Kim, S. F., 4-6, 6-2, 6-3.
Windsor Geary, S. J., def. Harry Post, S. F., 6-3, 6-3.

Doubles
Rotholz and Keeble, S. J., def. English and Coss, S. F., 6-3, 3-6, 7-5.
Mitchell and Smith, S. J., def. Gugat and Post, S. F., 6-2, 6-4.
Rosen and Kim, S. F., def. Roberts and Gruber, S. J., 6-4, 12-10.

Delegates from State Travel to Conference

On April 4, 5 and 6, nine delegates from San Francisco State Teachers College attended the athletic federation of college women, western section, at Mills College.

The delegates were the following: Mary Lyons, Marguerite Winter, Dorothy Anderson, Doris Melnetzky, Lois Lundstedt, Kay Butler, Marge Prescott, Lorraine Lindberg and Muriel Barthold. These girls represented State's W. A. A. Hockey Club.

The federation was attended by delegates from Oregon, Washington, California, Arizona, and Nevada, who met to discuss problems of the W. A. A. in the western section.

Even the best among us are apt to make mistakes. . . . That's why little rubber mats are placed beneath cuspisidors.—H. D.

STATE TRACKSTERS BEAT MARIN AND MENLO IN ONE-SIDED MEET; KUDER, HARKNESS SET RECORDS

Coach Cox's Band Gathers 101 1/2 Points in
Near Annihilation of Visitors;
Stone Bests Nutting

By HOWARD DEMEKE

Coach Dave Cox's cinder team came into its own last Saturday, when it all but annihilated the aggregations from Menlo and Marin Junior Colleges at Kezar Stadium, winning the triangle meet in a breeze. The final score read: State 101 1/2, Marin 29 1/2, Menlo 20.

In taking all but two first places, the Gaters exhibited some of the best form which they have shown to date this season. Only Arnold Nutting, the Marin "one-man band," was able to crash the first place list when he beat Al Parrish and Jack Murphy to the tape, in the order named, in the century sprint, and came back again to best "Ru" Stone in the broad-jump with a leap of 22 feet 8 inches as against "Ru's" formidable 22 feet 3 1/2 inches.

Stone Tops Nutting

The feature of the meet was the battle for high-point honors between Nutting and Stone. Runar eventually topped his rival by half a point, winning 16 to 15 1/2. In a previous clash with Marin J. C., Stone managed to eke out a victory over Nutting in the duel, gathering 18 markers to the Mariner's 17.

Red Kuder gave the cash customers a show during the 880 when he attempted a race against time after deliberately withdrawing from the mile run. The "Golden Tide" negotiated the four furlongs in the fast time of 2:01, breaking the former record by 1.8 seconds. Despite the fact that he had no one to pace him, and a stiff wind was driving at his dorsal side in the stretch, the bespectacled red-head nevertheless managed to turn the trick.

Driscoll Wins Mile

Mike Driscoll, Kuder's erstwhile running mate, was first in the mile run when he led the pack home in 5:07. After a slow initial lap, the marathoners increased their gait. Driscoll led at the three-quarters post and did not relinquish the lead thereafter, coming home strong. However, Shrieve of State all but caught Ludlam of Marin at the tape. The diminutive Gater had too much ground to make up in the last few yards and missed taking second place honors by inches.

Robinson Comes Through

Bobby Robinson copped the 440 in his characteristic style, coming up in the final seconds to snatch the dash from Burns of Marin. Keith Cox looked good for a while but cut loose too soon and spent himself in the back stretch, gasping home third. Robinson's time, 53.4, was an excellent considering the conditions.

Shoe-put Is Close

In the weight events, Steve Ebert tossed the sphere forty feet to top Brightman of Menlo by three inches. Owen Jones was third with a heave of 39 feet 5 inches, with Gordon Bolander close at his heels. Jones took his customary first place in the discus throw, flinging the platter 135 feet 10 inches to surpass his closest rival, Stark of Menlo, by more than nine feet. Hanson of Menlo was third, and Ebert had to be content with the lone fourth place point as his share of the spoils.

In the high hurdles, State's pair of singles showed the way to the rest of the field. Lu Morrison taking first with Ru Stone hot at his heels. Ray Kaufman tripped on the last hurdle and Jury of Menlo took advantage of the life to come in third. Ray gamely got to his feet to finish fourth.

Curtis in Rare Form

Arnold Nutting of Marin, and Dal Hopkins of State could do no better than 5 feet 10 1/2 inches in the high jump, permitting Ru Stone to add to his point total. Runar took the event with a leap of 6 feet 7 1/2 inches. Hal Gorden surmounted 5 feet five inches in winning fourth place. The javelin throw was a lucrative event for the Staters, the Purple spear tossers taking first, second, and fourth places. Stone reigned again in this colorful combat, throwing the rod 171 feet. Dick Curtis exhibited a flash of old time form in flinging the spear 167 feet 4 inches to walk off with second ribbon. Steers of Menlo placed third, closely followed by Bolander of State who gave his best performance to date, 158 feet 4 inches.

The meeting ended with State winning the relay in the slow time of 3:45. The Gater foursome was composed of Wiley, Parrish, Williams, and Cox.

Triangle Summary
100-yard dash—Nutting (Marin), first; Parrish (State), second; Murphy (S), third; Faulk (Me), fourth. Time 10 seconds.
220-yard dash—Murphy (S), first; Parrish (Me), second; Parrish (S), third; Kestly (Me), fourth. Time 22.8 seconds.
440-yard dash—Robinson (S), first; Burns (Ma), second; Cox (S), third; Simontacchi (Me), fourth. Time 53.4 seconds.
880-yard run—Kuder (S), first; Meyn (S), second; Shrieve (S), third; Hildebrandt (Me), fourth. Time 2:01.
Mile run—Driscoll (S), first; Ludlam (Me), second; Shrieve (S), third; Valdez (S), fourth. Time 5:07.
Low hurdles—Hopkins (S), first; McLaughlin (Ma), second; Jury (Me), third; Kestly (Me), fourth. Time 26.6 seconds.
High hurdles—Morrison (S), first; Stone (S), second; Jury (Me), third; Kaufman (S), fourth. Time 16.3 seconds.
Broad-jump—Nutting (Ma), first; Stone (S), second; Gordon (S), third; Robinson (S), fourth. Distance 22 feet 8 inches.
Discus throw—Jones (S), first; Stark (Me), second; Hansen (Me), third; Ebert (S), fourth. Distance 135 feet 10 inches.
Javelin throw—Stone (S), first; Curtis (S), second; Steers (Me), third; Bolander (S), fourth. Distance 171 feet 4 inches.
Shot put—Ebert (S), first; Brightman (Me), second; Jones (S), third; Bolander (S), fourth. Distance 40 feet 1 inch.
High-jump—Stone (S), first; Nutting (Ma), second; Hopkins (S), tied for second; Gordon (S), fourth. Height 6 feet 7 1/2 inches.
Pole vault—Harkness (S), first; Nutting (Ma), second; Kretzer (S), and Sidrov (S), tied for fourth. Height 12 feet.
Relay—Won by State (Parrish, Cox, Wiley, and Williams). Time 3:45.

GIANT KILLERS
Saturday afternoon at Kezar Stadium, State meets the University of Nevada. The Gaters are favored to take the boys from the "City of Otherly Love," but so was Gollath favored over David. However, if the Gaters are in form Saturday the results should gain for the envy of St. Mary's mighty Gaels.

* * *

And with this, I am off to another Kappa Delta Tau practice for the Recital, which, by the way, is going to be just too, too swank.

That was the first Chesterfield I ever smoked. And I'm right there with him, too, when he says it's a ding good cigarette.

Western Golfers Threaten Superiority of Easterners

INTERCOLLEGIATE golfing circles throughout the country are becoming hot debating societies these days over the one major question that has captured and is holding the attention of the varsity locker-room orators: Resolved, that the East will lose its supremacy in the 39th annual intercollegiate golf championships to be played at the Congressional Country Club, Washington, D. C., June 24 to 29.

Intercollegiate golf was once exclusively an Eastern affair. Of recent years, however, invaders from the middle west, south, and southwest have all but taken over the show. The responsibility of making an impressive showing for the East rests almost squarely on the shoulders of an untested Yale team. Yale has won more team (nineteen) and individual (thirteen) championships than any other school in the country.

YALE will be strong, as it always is. Excellent coaching and plenty of material make Yale a strong dark-horse contender, but what did last year's Yale eastern intercollegiate champions do against the boys from other sectors?

Charley Yates of Georgia Tech, the nation's sixth ranking amateur, won the individual title. Michigan's well-balanced team took the team championship out of the East for the first time in history, nosing out Yale by three strokes. Yates is back and Michigan is back with practically the same team. Last year only Law Weatherwax, of the three Yale qualifiers, got past the first round of the individual play, and he lost to Yates in the second round.

Only 13 golfers from Eastern schools landed among the 32 qualifiers. Only one, W. Y. (Willie) Dear of Brown, reached the third round. Charley Kocsis of Michigan won the qualifying medal with a brilliant 147. Notre Dame set a new record by qualifying five men for the match play.

THE picture for 1935 can not fairly be painted any brighter for the East, which has won all but one team title and all but six individual championships.

Michigan is as strong as ever. Georgia Tech, the third place team, looks stronger than last year. Notre Dame is fully as strong as its fourth place 1934 team was. Oklahoma can also make trouble if everyone is clicking. Texas, Rollins, and Colgate will all make their strongest bids for the team title this year.

The individual field is the most brilliant in the history of the tournament, and certainly the most colorful. More than half of last year's qualifiers are back this year, and among them:

CHARLEY YATES, Georgia Tech, defending champion, thrice a participant in the national amateur, twice Georgia state champion, low amateur in last year's Master's tournament, protege of Bobby Jones from Atlanta's famed East Lake course, at 21 one of the country's greatest amateurs.

Walter Emery of Oklahoma, 1933 champion who was put out in the second round last year.

Ed White of Texas, last year's runner-up, individual champion of the Southwest conference which Texas dominates, and the man who has given Spec Goldman, Jack Westland, and Gus Moreland all they could handle in various tournaments. Charley Kocsis of Michigan, last year's medalist and semi-finalist, Big Ten individual champion, Michigan state amateur champion. Johnny Banks of Notre Dame, former Western junior champion, medalist in the 1933 intercollegiate, quarter-finalist last year. Winfield Day, Jr., of Notre Dame, who carried Yates to the 18th hole and forced him to play par golf to win in his first and hardest match in last year's tournament, Chicago district junior champion, quarter-finalist in the national amateur in 1934.

WILLIE DEAR of Brown, former national interscholastic champion, who dropped a 36-hole match to Yates last year, 2 and 1. Capt. Joe Lynch of Georgetown, president of the association and winner of last year's driving contest. One of his drives traveled 340 yards. Freddie Haas, Jr., of Louisiana State University, Western junior and Southern amateur champion. John Brown and Robert Servis of Rollins, Maine and former Ohio state amateur champions, respectively. Capt. Warren Alton, Dick Stewart, and Otto Nord of Colgate, the latter a qualifier last year. Stewart was a finalist in the New York state junior tournament. Cliff Perry of Duke, the southern conference champion.

No mention of those former giants, Harvard, Princeton, and Dartmouth? They just don't have it this year.

Left
Charlie Kocsis, Michigan golfer and Big Ten champion, is one of the favorites to win this year's tourney.

Read below what leading sports champions say about Camels

With the preference of star athletes overwhelmingly for one cigarette, that cigarette *has* to be exceptionally mild!

Its name is—Camel. Here's what an Olympic champion diver, Harold ("Dutch") Smith, says about Camels: "I've found a great deal of pleasure in Camels. They never interfere with my wind." Rip Collins, who lined out 35 home runs for the world-champion St. Louis Cardinals last season, says: "Here's the best proof I know that Camels are mild: I can smoke them steadily, and they never get my wind."

From the ranks of the squash stars comes this experience. Rowland Dufton, of the New York A. C., says: "I've found that Camels are so mild I can smoke all I want, and they never upset my nerves or get my wind. That's what I call real mildness!"

Dick Shelton, world-champion steer dogger, and those two brilliant campaigners in the golfing wars, Denny Shute and Helen Hicks, have come to the same conclusion — "Camels do not get my wind."

How this mildness is important to you too!

Camel smokers can smoke more — and enjoy smoking more. You get more satisfaction, knowing that sports champions have found Camels so mild that they never jangle their nerves or get their wind.

YOU'LL LIKE
THEIR
MILDNESS TOO!

YOUR OWN PHYSICAL CONDITION—your wind...your energy...the good health of your nerves—is important to you too. So remember this: Camels are so mild you can smoke all you want. Athletes say Camels never get their wind or nerves.

SO MILD! YOU CAN SMOKE
ALL YOU WANT!

**COSTLIER
TOBACCOS!**

● Camels are made from finer, **MORE EXPENSIVE TOBACCOS**—Turkish and Domestic—than any other popular brand.

INTERNATIONAL PHOTO

The SPOTLIGHTER . . .

A Star Who Studies Stars

Born in Minneapolis 27 years ago, Lewis Frederick Ayres had a brief tenure as a banjo-playing scholar at the University of Arizona, where he pledged Kappa Sig and gazed at stars at night, a hobby which he still pursues (left). Lew had a grim-lipped face of sober mold that made his freshman smile (above) an event, and astronomer, not the banjo, an appropriate absorption.

IF A FACE MEANS ANYTHING, Shotputter A. Iran, of Cambridge University (England), has broken the international records for this field event.

ACME PHOTO

IN THE fall of 1928, Lewis Ayres, who was no more nor less than a good banjo player from San Diego (Cal.) high, began eating his first free meals as a rushee of Kappa Sigma fraternity at the University of Arizona. That year a half-million-dollar future was being made for him in Germany where a tragic-faced Teuton, Erich Remarque, had finished writing a grim war tale titled "All Quiet on the Western Front," a book that also took care of Mr. Remarque for the rest of his life. Had the 20-year-old freshman, who still prefers not to wear a tie, known of this fourth dimensional relationship, he could have avoided three years of very tattered existence.

This knowledge not given him, Freshman Ayres proceeded humbly to enlarge on his reputation as a fast banjo strummer. He joined the Kappa Sigs, the college band and glee club almost simultaneously, and took an interest in astronomy. Now, in Hollywood, he finds it difficult to convince colleagues that he has really read Chaucer's long-winded "Treatise on Astrolobe" and that he looks through his telescope at something more than passing night mail planes.

NEAR the end of his first college year Lew joined a roving dance band. Playing in a Holly-

wood hotel, he first saw movie stars frolicking stylishly. He thereupon sold \$500 worth of musical instruments and hired an agent to get him picture work. Ejected from two rooming houses for rental arrears, he was at the point of going home to San Diego for regular meals when the agent proved worthy of his hire. Lew played in "Sophomore"; then was the juvenile in Garbo's "The Kiss," but Garbo, not Ayres, was the sensation. He was tested, like every youth in Hollywood, for the richest plum of the year, the lead in "All Quiet." Trying out in the hospital scene that few people who saw the picture forget, he wept genuine tears from sheer despondency. He won the role. So vividly real were his five months of make-believe in the trenches near Los Angeles that he still occasionally talks like a member of the Reichswehr.

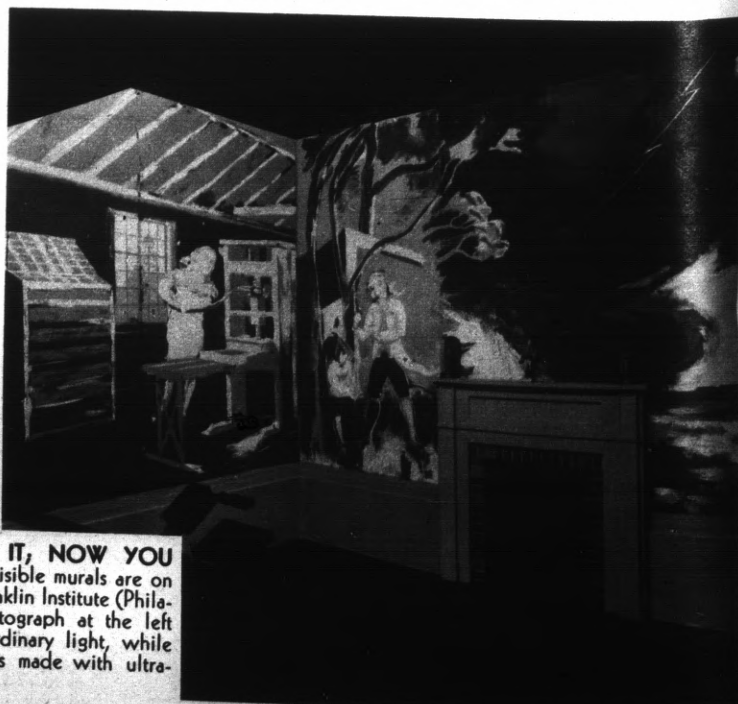

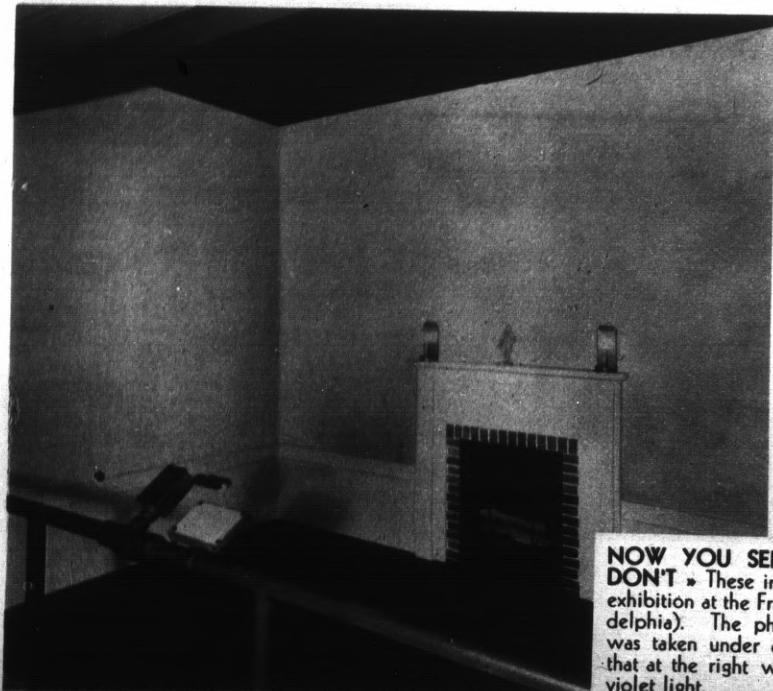

HE WAS slumping, after bad roles, when Phil Stong, another author, sold "State Fair" to Fox, and Lew acted in it with Will Rogers. His last picture was Fox's "Lottery Lover."

Divorced from Lola Lane, he is now married to Ginger Rogers, a girl whose slim lines on the screen have helped make the Ayres household, with its telescope, a concentration of stardom.

SHE'S THE TOP • Kathryn E. Caswell is the new president of the Colby College (Waterville, Me.) Student Government Association.

DID YOUR CAMPUS produce a personality who is now prominent in the radio, motion picture, stage, art, business, or political world? If you want to see that personality the subject of a "Spotlighter" thumbnail sketch, write The Spotlighter, Collegiate Digest, P. O. Box 472, Madison, Wis. One dollar will be paid for each acceptable picture submitted, in addition to one dollar for acceptable authentic anecdotes about the famed of today.

NOW YOU SEE IT, NOW YOU DON'T • These invisible murals are on exhibition at the Franklin Institute (Philadelphia). The photograph at the left was taken under ordinary light, while that at the right was made with ultra-violet light.
